

SCRUBBER DRYER

NR2 52
NR2 60

The new **NR 2 SCRUBBER DRYER** family for technical characteristics and performances is right for medium/large spaces. Easy use, excellent maneuverability and low service cost, the height productivity and the low consumption put the NR 2 model at the top of this scrubber dryer category.

An ergonomic study has defined the project to reduce the operator 's labour with electric traction, ergonomic handgrip, large visible display of the electronic console for operator parameters selection and possible diagnostics. It was thought for an easy maintenance: the recovery tank has a large opening easy to be cleaned. This machine is produced in two version with different working width: cm 52 with one brushes and cm 60 with two brushes. On request it can have separate detergent supply to optimize productivity and consumption.

NR2 52 NR2 60

- Rear part complete with all the easily operated, user-friendly controls.
- Functional cockpit with talker display.
- Water, detergent, speed adjustment.
- Recycle tank. Can be fully sanitized.
- Adjustable floor scrubbing machine with four-sided squeegees. Can be serviced without tools.
