

# Positioning of the new MSC12

Simply smarter li-ion powered  
Pallet Stacker

#### TRUSTED QUALITY

Designed and manufactured by the team behind the MPC15

#### WIN MORE BUSINESS

Close deals by offering a very competitive price

#### LI-ION BATTERY

Benefit from low maintenance, lower energy consumption and opportunity charging

#### HIGH LIFTING CAPACITY

Lifting capacity 1200kg up to 2.5 meters, 1000kg up to 3 meters

#### PRECISE CONTROL

Variable speed control enables smooth and more accurate lifting and lowering

## Good to know

The Compact MSC12 electric stacker truck with lithium-ion technology is a flexible and cost-effective solution for internal pallet handling in light-duty applications. With a choice of 3 lift heights up to 3,500 mm for this electric truck with two-stage masts, and a load capacity of 1200 kg making this an ideal truck for securely moving goods on open pallets.

The lithium-ion battery ensures high performance, long service life and fast charging times, making the electric stacker truck multi-purpose and efficient.

Competitive price

Effortless and easy to operate to improve efficiency and working conditions

Quick and complete spare parts support

Precise control thanks to variable speed control for lifting and lowering

Durable design with operator safety in mind:

- High-strength frame and durable mast
- Improved stability thanks to the battery being fixed at the bottom of the frame
- The low ground clearance of 30 mm helps to reduce the risk of foot injuries
- Improved stability and manoeuvrability thanks to the adjustable balance wheel

Benefit from reduced emissions and running costs thanks to li-ion batteries

## Intelligent & Efficient

### MULTIFUNCTIONAL INTELLIGENT TILLER HANDLE

Anti Pin Button

Butterfly directional controls

Proportional lifting lever

Horn Button

Turtle Speed button

Truck operational display and battery discharge indicator

Fault code alert

Recharging Alert

## Who should you recommend this truck to?

- Customers who are looking for an affordable li-ion powered pallet stacker with a lifting capacity of up to 1200kg.
